

# STUDENT INNOVATION TEAM

## *Inquiry Lenses to Learning Competition*

2014

**We are currently revamping the visuals that go alongside our Inquiry Lenses to Learning! We are running a competition to allow for student input and creativity.**

The lens areas include:

Social Responsibility

Environmental Sustainability

Creativity and Design

The Nature of Science

Personal Identity and Wellbeing

Use your creative talent to create an image to one of these lenses - you could sketch a design, use Lego, Minecraft, clay, collage or even dress-up and take a picture! The possibilities are endless!

*Entries close on Monday 1 September*

*Place your named entry in the box in the foyer - you may work collaboratively or individually!*

*Prizes will be awarded for creativity and innovation.*
