## Term 4 2017

### Help please!

If you have ever felt like helping out, this is the term to do it! We have so many things planned this term and we will be asking for your support. If you can spare time, you may like to help with swimming lessons or our three upcoming trips.

If time is something you are short of, then maybe you could help us by sourcing resources such as construction materials like cardboard tubes, bottle tops, boxes, and other cool things the children can use to build models.

We would also love anything the children can play with outside - carpentry tools, wood, tyres, buckets, spools that used to hold wire, tubing etc. Anything that the children can create life size huts, vehicles, machines from. Sandpit and water toys you no longer need would be great too!

Please see your home base teacher if you can help.

### Activities/events for Term 3:

- Swimming lessons, Selwyn Aquatic Centre Weeks 3-4 Cost \$23
- Junior Athletics day 14 November
- Jump Jam performance - Lemonwood Grove School 15 November
- Orana Park Trip 22nd November Cost \$12
- Discover Assembly performance 24th November
- Fundamental Sports Skills morning, Foster Park 28 November - no cost
- Outdoor Play Day 30th November - no cost
- Last day of school 15th December

### Lets get Physical!

This term we will be involved in a lot of outdoor fun activities, as you can see from the list of events above. Our focus therefore will be making the most of our outdoor environment, participating in physical activity and challenging ourselves.
