6. Relationship between the Board of Trustees (BOT) and the PCG (and other parent groups)

“While there are no official guidelines concerning the relationship between a Board of Trustees and any parent group in the school (e.g. PTA, Whanau Group) there are a few simple principles to keep in mind. This list is indicative rather than exhaustive.” (NZSTA)

- a. The Board of Trustees and Parent Groups are separate organisations and are autonomous although there may be personal overlaps.
- b. Boards run schools but Parent Groups are often also useful mechanisms for such undertakings as community forums.
- c. All money raised by a Parent Group belongs to the Parent Group, is held in its own bank account and is not controlled by the Board of Trustees.
- d. No money raised by the Parent Group is subject to audit along with the Board of Trustees’ money.
- e. Any funds raised by the Parent Group become Board of Trustees’ money only when it is given to the Board of Trustees.
- f. Any money given should be as a gift or donation to avoid GST implications.
- g. Negotiations should take place about what the money will be spent on before any money is “gifted” to the Board of Trustees/School. The PCG must be considerate of the BOT wishes.
- h. Parent Group personnel have no rights other than members of the public when they attend Board of Trustees meetings.
- i. Board of Trustees’ members have the same rights as anyone else when attending Parent Group meetings if they are either parents or staff.
- j. Parent Groups must obtain the permission of the BOT to use school buildings and/or grounds for their activities.
- k. Parent Groups must obtain the permission of the BOT to use the school name in any event they organise, be it fundraising or not.
- l. Through the development of positive relationships the BOT and Parent Groups can together achieve much good in the education of the children.
